

Random

```
graph BT; clientBoardClient[client.BoardClient] -.->|rand| Random; style clientBoardClient fill:#ccc,stroke:#000; style Random fill:#fff,stroke:#000;
```

A UML diagram illustrating a dependency. At the top is a white rectangular box labeled "Random". At the bottom is a gray rectangular box labeled "client.BoardClient". A dashed purple arrow points from the "client.BoardClient" box up to the "Random" box. The arrow is labeled "rand" to its right.

rand

client.BoardClient
