

Runnable

```
classDiagram
    class Runnable
    class serverBoardListener["server.BoardListener"]
    serverBoardListener --|> Runnable
```

The diagram illustrates a class hierarchy. At the top is a white box labeled 'Runnable'. Below it is a gray box labeled 'server.BoardListener'. A blue arrow points from the 'server.BoardListener' box up to the 'Runnable' box, indicating that 'server.BoardListener' inherits from 'Runnable'.

server.BoardListener
