

JPanel

```
classDiagram
    class JPanel
    class serverBoardComponent["server.BoardComponent"]
    serverBoardComponent --|> JPanel
```

The diagram illustrates an inheritance relationship. At the top is a white rectangular box with a thin gray border containing the text 'JPanel'. Below it is a gray rectangular box with a thick black border containing the text 'server.BoardComponent'. A solid blue arrow points vertically from the top center of the 'server.BoardComponent' box to the bottom center of the 'JPanel' box, indicating that 'server.BoardComponent' inherits from 'JPanel'.

server.BoardComponent
